

## Year 1 Summer Term Family Homework

Please complete as many tasks as you are able to from those provided. We are encouraging the children to hand in one piece per week through the google classroom or stick it in their homework book, where appropriate for the task. Some tasks may take you a while to complete, for example counting forwards and backwards on a number line, these would be an ongoing challenge. You have the rest of Summer to complete these tasks.

### English

For English, please practise your spellings on a weekly basis. Use the links provided to watch the phonics videos. You will have a weekly spelling test in your phonics group on a Wednesday. As a minimum, pupils should learn the spellings for the given week. However, why not challenge yourself by building sentences using the spellings? We would also like you to read for 10 minutes every day with an adult. Please see the guidance in the front of your reading record.

### Maths

For Maths, please practise counting in twos, fives and tens. You could also practise counting up to 100.
