

## Year 3 Autumn Term 2 Homework Challenges

Please complete as many tasks as you are able to from those provided. We are encouraging the children to hand in one piece per week through the google classroom or stick it in their homework book, where appropriate for the task. Some tasks may take you a while to complete for example learning to tell the time, these would be an ongoing challenge. You have the rest of Autumn 1 to complete these tasks.

### English

For English, please practise your spellings on a weekly basis. You will have a weekly spelling test, in class, with your teacher on a Wednesday. As a minimum, pupils should learn the spellings for the given week. However, why not challenge yourself by building sentences using the spellings? We would also like you to read for 20 minutes every day. This can be with an adult or independently.

### Maths

Children are expected to know all of their times tables up to 12x12 by the end of Year 4. They should be able to recall facts quickly such as  $3 \times 5 = 15$ . In KS1 your child would have learnt their 2, 5 and 10's. Now start learning your 3, 4 and 8 times tables off by heart. If you know these already, try your 6 and 7 times tables. Use Times Table Rockstars (TTRS) to help them with this. Your login is stuck in your homework book.
